Butte Pre-Release/Women's Transitional Center posts an annual report of PREA investigations and outcomes.

Sexual abuse of an inmate, detainee, or resident by a staff member, contractor, or volunteer includes any of the following acts, with or without consent of the inmate, detainee, or resident:

Voyeurism by a staff member, contractor, or volunteer means an invasion of privacy of an inmate, detainee, or resident by staff for reasons unrelated to official duties, such as peering at an inmate who is using a toilet in his or her cell to perform bodily functions; requiring an inmate to expose his or her buttocks, genitals, or breasts; or taking images of all or part of an inmate's naked body or of an inmate performing bodily functions.

Sexual harassment includes—

Substantiated allegation means an allegation that was investigated and determined to have occurred.

Unfounded allegation means an allegation that was investigated and determined not to have occurred.

Unsubstantiated allegation means an allegation that was investigated and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred.

The following annual reports offer a yearly comparison of the number of PREA Investigations completed based upon receipt of reports/complaints of sexual abuse or sexual harassment. All reports are investigated.

Data Comparison

While looking at data from the previous two years, it is evident staff along with the residents are more educated about PREA. In 2025 we did not have any reports at the WTC/BPRC. It is apparent reporting mechanisms are visible to both staff and residents and it is BPRC/WTC has taken a pro-active role in attempting to reduce prison rape. Our training is outstanding. The language in the training are to the point and accurate. The code of silence still exists for residents and staff alike however when comparing results to previous years its shows both are reporting. The BPRC/WTC is continuing to emphasize the importance of reporting to the resident population and the staff. All residents and staff are made aware on a continuous basis of the BPRC/WTC zero tolerance policy on prison rape.

In the past year, BPRC/WTC moved to a new location south of Butte on Basin Creek Road. It is a one level and is comprised of 58 cameras, 20 located in the men's area and 20 located in the women's. The other cameras are spaced throughout the rest of the building. The move to larger location and one level has allowed for greater safety and security measures. It should also be noted that the BPRC/WTC underwent a Federal PREA Audit in the fall of 2024 and received final certification in the spring of 2025.

Pursuant to PREA standards for data review (§115.288), the following will serve as an annual review for 2025 in order to assess and improve the effectiveness of BPRC/WTC's sexual abuse and sexual harassment prevention, detection, response policies and training.
