Sexual abuse of an inmate, detainee, or client by a staff member, contractor, or volunteer includes any of the following acts, with or without consent of the inmate, detainee, or client:

Voyeurism means an invasion of privacy of an inmate, detainee, or client by staff for reasons unrelated to official duties, such as peering at an inmate who is using a toilet in his or her cell to

perform bodily functions; requiring an inmate to expose his or her buttocks, genitals, or breasts; or taking images of all or part of an inmate's naked body or of an inmate performing bodily functions.

The facility has a protocol when an alleged sexual abuse/harassment takes place and it is reviewed annually. The facility makes its best efforts to accommodate the victim and his/her safety by providing access to care from outside facilities such as St. James, Butte Silver Bow Law Enforcement, and Safe Space as well as the qualified victim advocate who is a Security Supervisor at Connections Corrections Program East. This individual has been certified as a PREA victim advocate and is able to provide victims an advocate when Safe Space is unavailable.

DATA Comparison

While looking at data from the previous three years, it is evident staff along with the clients are more educated about PREA. It is apparent reporting mechanisms are visible to both staff and clients as Connections Corrections Program East has taken a pro-active role in attempting to reduce prison rape. The code of silence still exists for clients and staff alike however when comparing results to previous years its shows both are reporting. Retaliation is monitored and no reports of retaliation have been reported. Connections Corrections Program East has made sure all staff members using our vehicle sign in and out in the log book and record destination and mileage to and from their destination. We are an all-male facility and only male staff transport clients.

Pursuant to PREA standards for data review (§115.288), the following will serve as an annual review for 2020 in order to assess and improve the effectiveness of the Connections Corrections Program East sexual abuse and sexual harassment prevention, detection, and response policies, practices, and training

CCCS, Inc. (Agency), 2020 annual report was updated to include a comparison of the current year's data, and corrective actions with those from prior years, and provide an assessment of CCCS, Inc.'s progress in addressing sexual abuse and sexual harassment, based on assessing and improving the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training.
