The Gallatin County Re-Entry Program

Annual Comparative Report

2025

The Gallatin County Re-Entry Program (GCRP) posts an annual report of PREA investigations and outcomes.

As a requirement and at least on an annual basis, GCRP management team including the director of Community Corrections and the PREA Coordinator from Corporate office will meet and review the staffing plan for adequate level of staffing and video monitoring to protect residents against sexual abuse and sexual harassment. The review includes the physical layout of the facility, population, substantiated and unsubstantiated incidents of sexual abuse and sexual harassment and any other relevant factors.

GCRP has a full video monitoring system in place that encompasses seventeen different cameras.

GCRP staff receives annual training on PREA. Our training curriculum includes Transgender and Cross Gender Pat Searches, various PREA power points from the PREA Resource Center website, and PREA policies review. GCRP specialized services such as medical and investigative staff have all received specialized PREA training from the NIC Website. GCRP has revised its PREA policies in 2016 to meet and comply with all PREA Standards.

GCRP trains all contractors, volunteers and visitors on PREA as stated per PREA training policy.
