

MARTIN HALL PREA ANNUAL REPORT 2025

Prison Rape Elimination Act (PREA)

PREA was established and signed into law in 2003 by President George Bush. PREA addresses the problem of sexual abuse and sexual harassment of both adults and juveniles in the custody of U.S. correctional facilities. Major provisions address the development of standards for the detection and prevention of prison rape. Community Counseling and Correctional Services and Martin Hall has adopted a ZERO TOLERANCE policy on any sexual misconduct/sexual abuse or sexual harassment of resident in our facility. These measures are being accomplished through new policies, procedures and training of all residents, staff and volunteers.

The Prison Rape Elimination Act (PREA) Federal Standard 115.388 requires that each facility collect and review data "...in order to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies, practices, and training." This report works to meet this standard as well as: Identify corrective action taken to address problem areas in the past year. Compare PREA related data to previous year's data and Identify problem areas to be addressed in the future.

Martin Hall embraced the principles of eliminating sexual misconduct and sexual harassment years before the PREA standards had been established. Martin Hall prohibits inappropriate relationships and contact within its facility, with high levels of supervision, coupled with single occupancy rooms and if requested private showers. These tools have

been successful in limiting and preventing sexual abuse, physical abuse, bullying and other incidents in our facility.

In 2012 Martin Hall established new policies and procedures to meet and where possible, exceed PREA standards. This includes strong Zero Tolerance, Retaliation and Investigation policies and procedures. The Zero Tolerance policy is for the protection of both residents and staff and for the elimination of sexual misconduct within the Detention facility. The Retaliation procedure is to protect an individual from retaliation after reporting a violation. The Investigation procedure is used to determine if allegations are founded or not. Investigations are also used to determine if changes are needed to be made in policies, procedures, facility, staffing, personnel assignments or supervision. All allegations are taken seriously and investigated thoroughly.

Martin Hall is committed to providing a safe and healthy environment for staff and inmates. Prevention of sexual assault, abuse or misconduct, and harassment in Martin Hall is paramount. The Martin Hall has zero tolerance policy toward sexual assault, sexual abuse or misconduct, and/or sexual harassment of residents by either other residents or staff.

In 2012 Martin Hall started an aggressive training program for all staff and volunteers. In 2013 Martin Hall continued to expand its training program. In January 2014, Martin Hall established a partnership with Lutheran Community Services Sexual Assault Family Trauma Response Center to increase our effectiveness in eliminating sexual misconduct in our facility. This relationship continues to improve as our two organizations work together on providing the resident at Martin Hall with excellent access to community providers who can assist when issues concerning sexual assault or abuse are detected.

PREA orientation is provided to residents who enter Martin Hall. Residents are informed of their right to be free from sexual abuse and sexual harassment. Additionally, residents are informed about Martin Hall's Zero Tolerance policy. In addition to orientation, each resident who spends more than 10 days at Martin Hall receives additional education on the Prison Rape Elimination Act. This education includes a video developed by the Office of Justice Programs through the Idaho State Police. The video provides an excellent overview of the Prison Rape Elimination Act and is developmentally appropriate for resident. Finally, information is provided to residents regarding access to victim advocacy, through Lutheran Community Services and the reporting process.

Martin Hall's fourth PREA Audit was conducted in August of 2025. The Auditor indicated in her final report MHJDF exceeded standards in four areas: employee training, volunteer and contractor training, resident education, and staff first responder duties.
