WATCH East Program 2013-2015

WATCH East Program posts an annual report of PREA Investigations and outcomes.

The WATCH East Program currently has 14 cameras and anticipates adding more before the end of July 2016.

As a requirement and at least on an annual basis, the WATCH East Program management team including the director of Treatment Facilities and the PREA Coordinator from the corporate office will meet and review the staffing plan for adequate level of staffing and video monitoring to protect Family Members against sexual abuse and sexual harassment. The review includes the physical layout of the facility, population, substantiated and unsubstantiated incidents of sexual abuse and sexual harassment and any other relevant factors.

The WATCH East Program staff receives annual training on PREA. Our training curriculum includes Transgender and Cross Gender Pat Searches, various PREA power points from the PREA Resource Center website and PREA policies review. WATCH East Specialized services such as Mental Health, Medical and investigative staff have all received specialized PREA training from the NIC Website. The WATCH East Program has revised its PREA policies in 2015 and again in 2016 to meet and comply with all PREA Standards.

The WATCH East Program trains all contractors, volunteers and visitors on PREA as stated per PREA training policy.

The WATCH East Program has scheduled its first PREA audit at the beginning of June 2016.
